Assembly

1. **Fold-in & hold vertical flap(s)** of the other panel, insert edge tab(s) of this panel into matching corner slot(s) of the other panel.
2. **Hold each edge tab inside the box with one hand**; use other thumb to push each locking tab into its matching slot.
3. **Fold this panel** and insert all its locking tabs into the matching slots on **the hand-held flaps** along the vertical corner.
4. Repeat at the opposite corner with bottom panels folded inward.
5. Secure bottom panels firmly with packing tape.
6. Close the top panels.
7. For wardrobe boxes, install the hanging bar into the top slots of both panels.
8. **Insert all lid locking tabs** into matching slots on the fold-down top flaps and the front and back panels.

Disassembly

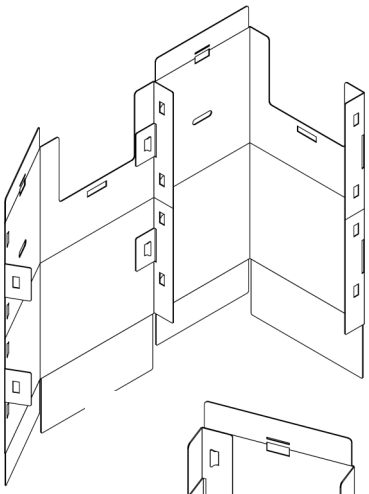

Reverse the assembly steps to disengage the two panels.

Compact Folding Instructions

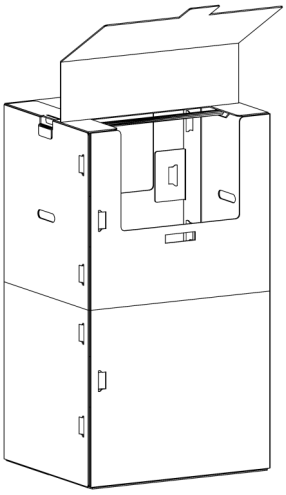

Or, simply open the top and bottom panels to collapse the box flat, just like a regular box.

1. Fold all flaps inward.
2. Fold both vertical panels and flaps into one long, flat pack.
3. Fold the pack along the center creases into a compact square.
4. Repeat for the second panel.
5. Fold the lid.
6. Stack and tape the three folded packs together, then tape the hanging bar along one edge.
